

Teens and Prescription Drug Abuse

The SDUHSD READI Program invites you to attend an important presentation by the **D**rug **E**nforcement **A**dministration. Guest speaker Rocky Herron will address why prescription drug use is on the rise among teenagers and what you can do about it. Presentation will address how to recognize the signs of prescription drug abuse, physical effects, packaging, and slang terms used by teenagers. This is a presentation that is extremely relevant to teenagers today and should not be missed.
